Product Description:

Our Tomato Fruit Juice is packed with nutrients that are essential for maintaining good health. It is very low in protein, containing 0g per 100ml, making it perfect for those on a low-protein diet. It is also very low in fat, containing 0g per 100ml, and has a very low sodium content of just 6mg per 100ml, which makes it ideal for those who want to keep their sodium intake low.

In addition to being low in protein, fat, and sodium, our Tomato Fruit Juice is also rich in carbohydrates, with 12.4g per 100ml. This makes it a great source of energy and perfect for those who need a quick boost throughout the day. The juice contains 220 KJ per 100ml, providing you with the energy you need to get through your day.

Our Tomato Fruit Juice is made from the freshest and ripest tomatoes, ensuring that you get the best taste and quality. It is perfect for those who love the taste of tomato sauce, tomato juice, and even tomato honey. Our juice is versatile and can be used in a variety of ways, from a refreshing drink to a base for your favorite tomato-based recipes. It is a great way to add a burst of tomato flavor to your meals and snacks.

Overall, our Tomato Fruit Juice is a healthy and delicious drink that is perfect for those who want to maintain a healthy lifestyle without compromising on taste. So why not try our Tomato Fruit Juice today and experience the delicious taste of fresh, ripe tomatoes in every sip?

Drinks with different contents can be customized according to customer needs.
330ml-500L packaging available.

Applications:

One of the most popular ways to consume tomato juice is during breakfast, especially for those who are health conscious. ARKHUM tomato fruit juice contains only 220 KJ of energy per 100ml and 0g of fat and protein, making it a healthy and nutritious choice for people looking to start their day on the right foot. It also contains 12.4g of carbohydrates per 100ml, providing a quick and sustainable source of energy for the day ahead.

ARKHUM tomato fruit juice is a perfect addition to any brunch table, especially when served alongside other breakfast items such as eggs, bacon, and toast. Its tangy and slightly sweet taste is a great complement to savory dishes, and can be used as a replacement for tomato sauce in many recipes.

Tomato pulp is another popular way to use ARKHUM tomato fruit juice. It can be added to soups, stews, and sauces to add depth and flavor. The pulp can also be used as a marinade for meat, adding a tangy and delicious flavor to any dish.

ARKHUM tomato fruit juice is also a great choice for those who are looking for a refreshing and healthy drink during the day. Its low calorie content and high nutrient value make it a perfect choice for people who are trying to maintain a healthy lifestyle. It can be consumed as a standalone drink or mixed with other juices and beverages to create a unique and refreshing drink.

In conclusion, ARKHUM tomato fruit juice is a versatile and healthy product that can be used in a variety of occasions and scenarios. Its low calorie content, high nutrient value, and delicious taste make it a perfect choice for people who are looking to maintain a healthy lifestyle without sacrificing taste.
